

Natick High School GCC Final Presentation Form

Advisor approval must be obtained before final presentation is made.

It is expected that students give a final presentation reflecting on their Global Education and Citizenship Certificate. This 10-15 minute presentation will be an opportunity for students to share their experiences in working to obtain the GCC. The presentation should thoughtfully explain how you have fulfilled the mission and expectations for the GCC program.

Although you do not have to comment on each and every experience, you should be as specific as possible about ways in which the academic requirements, travel experience, exchange experience, internship, community service and project have heightened your global awareness.

You may also comment on how you hope to continue to develop your global education and citizenship skills beyond Natick High School. Be as specific as possible; this is a personal endeavor that should reflect your individual interests, skills, and passions.

In order to share your thoughts in a way that is more personal to your experience, you can choose one of a variety of ways to present. Please notate on this form how you will be presenting your final reflection. Please give this form to the GCC coordinator, who will then be in contact with you to review your work, including reflection, and schedule your presentation.

You will be presenting to a Global Awareness class or foreign language class, members of the GCC committee and anyone else who you would like to invite.

What medium will be used to present your reflection on the GCC experience?

- Creative Arts Project with artifacts
- Multimedia Project (i.e. Slides, website, videos etc....)
- Oral Presentation with Visuals or Movement

For GCC Review Committee use only
